

## FOR IMMEDIATE RELEASE

### **Ryan Dsouza Releases Salt & Soul – A Soulful, Island-Inspired Summer EP** **White Rock, BC – Canada – July 31, 2025**

Independent singer-songwriter and music producer Ryan Dsouza releases his new EP Salt & Soul — a five-track blend of island rhythms, acoustic soul, and heartfelt storytelling — out now on all major streaming platforms.

Drawing on themes of belonging, reflection and rhythms of everyday life, Salt & Soul captures the dual spirit of its title: the grounded grit of lived experience (“salt”) and the emotional depth that runs through every lyric (“soul”). Produced and arranged by Ryan, the EP features original songs drawn from real-life experiences and emotional moments.

The release includes fan favorites like What’s Behind Da Rainbow, Feel the Breeze, and In Another Life, and introduces the laid-back new single I Love Me Island Life, launching alongside the full EP. A special bonus track, You’ve Got That Zing Thing, brings a playful and romantic close to the listening experience.
