

Angel Full of Lies – Ryan Dsouza

Verse one

She's so beau- ti-ful
With sun-light flowing ha-ir
Sky-blue starry eyes
Her skin, so milky fair
She speaks in a whisper
To draw you closer still
She's such a mystery
Until, you feel the chill

Chorus

Angel full of lies
She'll promise, you the moon
Forever ever and after
Comes, so very, soon
Angel full of lies
Broken hearts abound
Tears of scattered souls
Whenever she's around

Verse Two

She stole, my heart away
With her wily ways
Left me down and out
I'm surely, gonna , make her pay
I'll fight fire with fire.
I know just that friend of mine
Strong enough to resist her
And all her evil plans

Chorus

Angel full of lies
She'll promise, you the moon
Forever ever and after
Comes, so very, soon
Angel full of lies
Broken hearts abound
Tears of scattered souls
Whenever she's around
Whenever she's aro----und

Bridge

When he's done with her
She will truly know
Karma is a killer
You reap just what you sow

Solo

Angel full of lies
Broken hearts abound
Tears of scattered souls
Whenever she's around
