

## **Whats behind da rainbow – Ryan Dsouza**

### **Verse one**

Walking down on da beach today  
I saw a wonderful sight  
A double rainbow in da air  
It filled up da western sky  
Why it be so special  
To fill ma heart with song  
Don't ya just love it too  
And want to sing along

### **Chorus**

Whats behind da rainbow  
I wonder do ya know  
Its got to be so magical  
To cause dat heavenly glow  
Don't try to explain it  
With your scientific proof  
I really like da mystery  
And maybe you do too

### **Verse Two**

Da Irish say tha a pot of gold  
Lies-down at either end  
Dont-ya chase da rainbow  
You'd get lost ma dear friend  
I like to stare and wonder  
Moments lost in time  
Is it all a part of  
The creator's great design

### **Chorus**

Whats behind da rainbow  
I wonder do ya know  
Its got to be so magical  
To cause dat heavenly glow  
Don ch ya try to explain it  
With your scientific proof  
I really like da mystery  
And maybe you do too

### **Bridge**

It must be so complicated  
But it was meant to be  
Come on let us just enjoy this  
What a sight to see

### **Chorus**

What's behind da rainbow  
I wonder do ya know  
Its got to be so magical  
To cause dat heavenly glow  
Don't ya try to explain it  
With your scientific proof  
I really like da mystery  
I really like da mystery  
I really like da mystery  
And maybe you do too  
Whats behind da rainbow  
I really don't wanna know  
I really don't wanna know, know know
